

Heatmap visualization of the 1000 most important features for the 1000 most important features. The x-axis represents the 1000 most important features, and the y-axis represents the 1000 most important features. The color scale ranges from 0.0 (dark blue) to 1.0 (dark red), with intermediate values in light blue, green, and yellow. The heatmap shows a complex pattern of feature importance across the two dimensions.
